I have been a Patient of Malek Esrawi and his Incredible Hygenist.....Deb.....for YEARS !!! Dr. Esrawi has completely restored my Mouth...after much Trauma elsewhere. I grew up in an Alcoholic Family....and my Brother and I soothed Ourselves with Sweets.....He has NOT HAD THE WONDERFUL HELP that I have had.... and he has False Teeth. I am AMAZED every time I go to the Office. I have my Teeth cleaned every three months and Deb has taught me, counseled me, and held my hand at times.....!!! Dr. Esrawi is GENIUS !!! I was in a store lately and spoke to a woman shopping near me.....She said....."I am a Dental Hygenist....and your Teeth are BEAUTIFUL" !!! WHAT A TESTIMONIAL ! The Most Important thingis how confident.....I feel when Dr. E. is caring for me. His hands working....are SO sure and precise. The result has to be as perfect as possible. He DOES NOT SETTLE !!! I am SO VERY GRATEFUL to these QUINTESSENTIAL PROFESSIONALS !!! Thank You Dear Friends.....BBS.

Let's see...having your teeth drilled is not a great experience. However, the professionalism and social skills of Malek and his colleagues makes it bearable. The only suggestion I would make is giving some sense of how much longer the ordeal must last. As you may know, I row competitively, and one of the great inputs from the Cox is how much farther you have to go. "Last 20 strokes!" You always have 20 strokes left before the tank is empty.

I have been having my dental work taken care of at Advanced Cosmetic & Implant Dentistry in Hyannis. Dr. Esrawi's expertise is strong in all the services he provides. My last visit to his office was for a cleaning with Deb. She is the top of the line. Her knowledge is abundant, and she'll answer any questions I may have about dental care. The personnel at the front desk are professional, friendly, and very caring. You're always greeted with a smile and a hello. The front office personnel will answer any insurance related questions I have pertaining to billing and future appointments.

Dr. Esrawi has a very good technique when administering the injection for numbness and for someone like me who is terrified of needles, it was very reassuring that I can have future dental work done without the old pain I used to experience. His assistant, Anna was pleasant and very efficient. I only have the temporary bridge right now, but even at that it looks much better than my old appliance. I am very satisfied and would highly recommend this office. Anne S.

I truly appreciate Dr. Esrawii being cooperative and wanting his patients to be satisfied with his and his staff's work. Despite my content with Dr. Esrawi, I would probably not recommend him to my friends as they prefer to stay close to home with their dental and medical care. There is nothing better than having your teeth cleaned especially when it is completed with care, compassion and professionalism. Deb is a pro at making you feel comfortable, relaxed and ensuring that your oral health doesn't just look good, but is also sound. Follow up with Dr Malek is always a treat as he compleets a quick exam and consults with Deb regarding any issues or patient concerns. Thank you for taking such good care of me.

The visit went well but I can't believe how expensive it is with x-rays as I don't have dental insurance. Lyn was very conscientious and did a great job of cleaning my teeth; however, as an adult, I would appreciate not getting a lecture about flossing. I know the benefits and always aim to do better. Thank you. Have a great day.

I had yet another positive and satisfying experience with Dr. Eswari and his very professional staff. There was a time (most of my life) when I couldn't drive by a dentist's office without the feeling of fear engulfing me. However, Dr. Eswari's approach to dentistry helped me to overcome a fear that was effecting my dental well being. I actually look forward, if my family could believe that, to my visits now. Just incredible. Thank you Dr. Eswari.

Please do not let this sound trite, but as usual my visit to Advanced Cosmetic Dentistry was exceptional!!..The minute I step through the door, my experiences have been congenial and professional, to me it seems that I am their only patient with all the attention I receive, from the ladies at the main desk, the technicians who bring you to the back work area and assist the doctor and then Dr. Esrawi, who's smile promises you that all will be fine and after the many years I have been going and having every type of work done on my teeth, Dr. Esrawi has been a man of his word!....Not only the individual care and concern are obvious and appreciated, but the professional attention and expertise resulting in painless, dental work, makes me at ease and smile proudly with the end result!! Thank YOU to all the staff, Merry Christmas and the very best of New Years to YOU all !!

Today I had an appointment for a cleaning with Deb. As always, it was both a relaxing and valuable time spent with her. However, it wasn't always this way for me with even the thought of walking in to a dentist's office. Through a terrible experience I had as a youngster, as many of us had fifty or more years ago, I was terrified of the word dentist, and would through the years find any excuse to avoid having to visit one. Just a few years ago, I came across an advertisement for a dentist who, "Catered to Cowards." That was me. I decided to give Dr. Esrawi a try, as I needed work on my teeth. To jump forward a few years now, my experience with Dr. Esrawi, his staff, and Deb has been excellent. I actually look forward to my office visits, whether it be for dental work or a cleaning. I never thought I would say it, but I actually like going to the dentist, as long as it's with Advanced Cosmetic and Implant Dentistry. And to think, just a few short years ago, I was a coward. That's behind me, and I now have my teeth taken care of the way I'm supposed to. Thank you Dr. Esrawi and Deb for changing my life.

Our dental care is as good as we could find anywhere -- and we don't have dental insurance so that's an extremely good review considering we're paying out of pocket! However, being timely with patient appointments could be improved. Patients and doctors who respect each other don't waste each other's time. Also, we've had some confusion recently with scheduling. Love getting my teeth cleaned now. It is quick and easy. I do have another question about my husband's teeth. What would the cost be to get false teeth or whatever they are called now. Jim needs to get his teeth pulled and that would probably be the best option at this time. He is in pain and needs his teeth pulled and we can't afford the \$15,000 right now. I've talked to a lot of people that have false/dentures whatever you call them, and they love them. Please let me know. We need to get something done soon.
